EDUCATION

Aliah University

Bachelor of Technology in Computer Science and Engineering

Kolkata, West Bengal

July 2022 – June 2026

Albany Hall Public School

ISC (Class 12), Science with Computer Science

Kolkata, West Bengal

April 2021 – May 2022

Albany Hall Public School

ICSE (Class 10), Science Stream

Kolkata, West Bengal

April 2019 – May 2020

EXPERIENCE

Full Stack Developer Intern

Flint De Orient

Aug 2025 – Oct 2025

Kolkata, India (On-site)

- Developed a client-oriented Project Management Web Application for internal team operations.
- Implemented role-based access control (RBAC) for Managers and Employees using JWT authentication.
- Designed workflows for team creation, project assignment, and task management.
- Built dashboards for project tracking, task status, and team performance.
- Enabled employees to view assigned tasks, projects, and real-time updates.
- Tech Stack: React, Node.js, Express.js, MongoDB.

Web Developer Intern

CodeEdge Technologies

July 2025 – Aug 2025

Kolkata, India

- Worked on a client-oriented full-stack e-commerce platform named Forever.
- Implemented authentication, product listing, cart, and checkout features.
- Developed RESTful APIs and integrated frontend with backend using MERN stack.
- Focused on scalability, performance optimization, and deployment readiness.

PROJECTS

AI Note Taking Assistant | Next.js, React, TypeScript, PostgreSQL, OpenAI

2025 – Present

- Built an AI-powered note-taking application for productivity and content creation.
- Implemented rich text editing and keyword-based autocomplete using TipTap.
- Integrated OpenAI GPT models for contextual text completion and AI-assisted writing.
- Designed secure authentication and cloud-based data storage.

Project Management Web App | React, Node.js, Express.js, MongoDB

2025 – Present

- Developed a full-stack project management system for team collaboration.
- Implemented role-based access control using JWT authentication.
- Enabled managers to assign projects and tasks to teams and employees.
- Built dashboards to monitor task progress, deadlines, and project status.

Forever – E-commerce Platform | MongoDB, Express.js, React, Node.js

Mar 2024 – Present

- Developed a scalable e-commerce web application for online product sales.
- Integrated Razorpay for secure online payments.
- Built an admin dashboard for managing products, orders, and sales analytics.

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript, SQL

Frontend: React, Next.js, HTML, CSS, Tailwind CSS

Backend: Node.js, Express.js

Databases: MongoDB, MySQL, PostgreSQL

Tools: Git, VS Code

Concepts: REST APIs, JWT Authentication
